ESOTERIC 30th Anniversary 'Limited Edition Black' Series

Limited production: 30 pieces each

The Limited Edition Black models are works of art that represent the excellence of contemporary Japanese audio technology and rich heritage of Japanese craftsmanship.

The series is in stylish black, fitted with ornaments coated with Japanese lacquer, a very special painting method originates in traditional Japanese arts and crafts.

The color of ornaments you can choose from two variations; Bordeaux or Oxidized Silver.

Only 30 pieces are handmade in our Tokyo factory to celebrate the brand's upcoming 30th anniversary year of 2017.

Bordeaux

The shiny clear Bordeaux color coating is applied on silver foil, cluttered and dusted on black Japanese lacquer undercoat. The cluttered silver surface visible through the clear hard coat makes the finish three dimensional with tasteful gradations and deep luster. The Esoteric logo is applied with traditional Japanese "Maki-e" gold gilding technique.

Oxidized Silver

This is a very unique finish that gives warm and organic touch to a modern, stylish machine in black. The coating consists of multiple layers of clear top coat on oxidized silver foil, cluttered and dusted on black Japanese lacquer undercoat. The Esoteric logo is applied with traditional Japanese "Maki-e" gold gilding technique.

The audio specifications are the same as normal models.
